

Stone Cold: The extraordinary story of Len Opie, Australias deadliest soldier

If I had been a Vietcong you'd be dead. - Len Opie
Len was a soldier above soldiers. - Keith Payne VC
Through three wars across 30 years, Len Opie carved a reputation as one of the countrys greatest infantrymen. A cold-eyed killer who drank nothing stronger than weak tea, he fought with his bare hands, a sharpened shovel and piano wire. He was a larrikin who went by the book, unless the book was wrong. He set his own bar high and expected others to do the same. Stone Cold is the extraordinary story of one of Australias most fearless fighters. It takes us into the jungles of New Guinea and Borneo and some of the fiercest battles of World War II. It goes to the cold heart of Korea, where Len emerged from the ranks to excel in the epic Battle of Kapyong and play a key role at the Battle of Maryang San. And it drops us into the centre of the American counterinsurgency war in Vietnam with Lens involvement in the CIAs shadowy black ops program, Phoenix. Action-packed and surprising, Stone Cold gives rich life to a warrior soldier and one of Australias greatest diggers.
