From reviews of the book: "Rather than simply presenting the necessary content, the author makes you feel like she is talking directly to you... ^ I love that diversity that has been woven throughout the fabric of this text... ^ Ormrod's personalized writing style will reach undergraduate students in a way that few authors can. [The book] is concise, yet thorough; comprehensive, yet unpretentious." --Angela Bloomquist, California University of Pennsylvania ^

"Compared to other texts, Ormrod's text is written in a more accessible way... ^ Strengths [include] accessibility, good use of supplementary materials, [and] updated research." --David Yun Dai, ^

University at Albany, SUNY ^ "Love how each chapter discusses diversity and special needs! ... Most students keep this text throughout their teaching careers as a resource. ^ Of all the educational psychology textbooks

that I've used, this one is the most comprehensive and interactive with vivid examples... . The supplemental materials are very useful. The power point is extensive and easy to use for lecture. I use the test bank materials and find the questions to be aligned with students' licensure exams. --Cindy Ballantyne, Northern Arizona University 0133388905 / 9780133388909 Educational Psychology: Developing Learners Plus NEW MyEducationLab with Video-Enhanced Pearson eText -- Access Card Package Package consists of: 0132974428 / 9780132974424 Educational Psychology: Developing Learners 0132996294 / 9780132996297 NEW MyEducationLab with Video-Enhanced Pearson eText -- Standalone Access Card -- for Educational Psychology: Developing Learners
