

Strategic Management: Awareness and Change

An updated and revised text covering strategic management, this text provides a comprehensive introduction to strategy for students on degree, MBA or DMS courses. The book is student-centered in approach, and covers the core aspects of the business strategy syllabus as well as reflecting the cutting edge of the subject. One fifth of the book consists of classroom-tested case studies, and the applied approach is further reflected by numerous mini-cases and quotes from leading business professionals. This teaching tool is accompanied by a lecturer's resource manual and is supported by resources on the Internet.
