

Successful Start-ups: Get going. Stay going

More and more people are starting their own business. Yet every year, we are given statistics that make gloomy reading about the failure rate of new ventures. Are we nurturing an army of entrepreneurs - or a generation of failures? Business survival expert, Andrew Miller, reveals the truth behind running your own enterprise and tells you exactly what you need to do in order to be a success instead of a statistic. Direct and honest, this book tells it how it is because it's better to know what makes a successful start-up in advance than to experience the nightmare of a collapsing company and become another statistic! Whether your business venture is just a high level concept or you've been up and running for a couple of years, this is the book that every business owner should read.
