

# Writing for Publication: Road to Academic Advancement

This concise, user-friendly book tells exactly what to do to dramatically improve any academic writers chances for getting published. It includes proven principles, strategies, and tactics that can be applied to virtually any form of publishing -- from specialized or general magazines, to grant proposals, to nonfiction books of all types. One chapter highlights how to use journal and grant writing to get tenure-track positions and earn tenure. For any academic writer who would like to be more focused in his or her writing and more successful in getting published.
