

The Elected and the Chosen: Why American Presidents Have Supported Jews and Israel

The Elected and the Chosen: Why American Presidents Have Supported Jews and Israel This book reveals how and why, almost without exception, American presidents sought to protect Jews at home and abroad from their often deadly enemies. It explains why American presidents have admired and befriended Jews, appointed them to powerful positions, and eventually helped them achieve their greatest dream: a return to the country of their forebears and the establishment of a Jewish state in which they were masters of their destiny. Based on once-secret documents and little-known diaries, The Elected and the Chosen discloses, for the first time, the close ties that have bound American presidents and the Jews from the dawn of American history.
