

The Poverty of Attention: How to Improve Concentration and Stay Focused

Do you find it difficult to pay attention and stay focused? In this book, youâ€™ll learn how to improve your focus. Iâ€™ll show you how to deal with and minimize distractions, how to improve your focus through routines and the power of habit. Youâ€™ll see how external cues guide your day-to-day actions and how you can set a trigger for your brain to help you focus. Iâ€™ll explain how salesmen use decision fatigue to influence you to buy. Youâ€™ll see how you can time block your calendar to focus on important tasks and what times of day youâ€™re most alert and able to concentrate using the circadian and ultradian rhythms and why 90 minutes is ideal for time blocks. Youâ€™ll learn tricks like the Pomodoro Technique to extend your focus and reward yourself for completing tasks. Here are the chapters included in this book:

- What is concentration?
- Dealing with distractions
- Our brains donâ€™t have a brain, so write down your thoughts
- Let phone calls go to voicemail
- Use white noise for sound masking
- How Stephen King uses sounds to eliminate distractions
