

Classroom Evidence of Successful Teaching, Mastering Assessment: A Self-Service System for Educators, Pamphlet 5

Teachers everywhere must contend with mandatory standardized tests even though these tests do little to help assess an individual teacher's instructional effectiveness. This booklet, *Classroom Evidence of Successful Teaching*, delves into an array of preinstruction versus postinstruction strategies to collect and analyze students' test results and a teacher's role in optimizing them. Mastering Assessment is a set of fifteen practical, easy-to-use booklets covering a wide range of topics related to educational assessment and accountability. These groundbreaking booklets put the most relevant information on assessment at teachers' fingertips and provide an important resource for educators looking to learn the ins and outs of becoming assessment literate. Paired with the series Facilitators Guide (available for download at no additional charge from Pearson's Instructor Resource Center), Mastering Assessment is the perfect tool for building assessment literacy either in self-study or a professional development program. Don't miss all the books in the Mastering Assessment Series by W. James Popham:

- Appropriate and Inappropriate Tests for Evaluating Schools
- Assessing Students' Affect
- Assessing Students with Disabilities
- Assessment Bias: How to Banish It
- Classroom Evidence of Successful Teaching
