

Gifted

This is a sort of guidebook for gifted students, designed to help you nurture your potential as an exceptionally intelligent and thoughtful person. From the introduction: I didn't write this book in order to help people become moderately clever. I wrote it for those people with the determination to develop the sort of exceptional super-intelligence that only a few people even know exists. Whilst many people might benefit from reading this book, it is primarily intended for that tiny proportion of the population who have the capacity to be amongst the outstanding thinkers of our age. Please note: This is a slim book, but it's packed full of ideas!

Characters For FOX's X-Men Show THE GIFTED Named - With A Gifted is a 2017 American drama film directed by Marc Webb and written by Tom Flynn.
