

## Developing Management Skills (6th Edition)

This guide to effective managerial behavior is the only one available on the market that teaches students what they need to know to perform well as managers, synthesizes a large body of scholarly research related to each skill topic, and uses a proven learning methodology to help students actually develop and improve management skills. Emphasizing the basic human skills that lie at the heart of effective management, it combines academic knowledge with real world practicality, the key to the book's proven durability.
