

# Curriculum Provision for the Gifted and Talented in the Primary School: English,Math, Science, ICT (NACE/Fulton Publication)

The authors of this book offer practical help to teachers in making day-to-day provision for the gifted and talented pupils in their classroom. Designed mainly for primary teacher, intending teachers and teacher trainers, the book draws together current findings in curriculum provision in the core subjects, links theory and practice in such a way that the readers can benefit from exemplar material, and allows them to adapt their own teaching to provide an inclusive curriculum for the gifted and talented children they teach.
