

# Managing the Inner World of Teaching: Emotions, Interpretations, and Actions (Classroom Strategies)

Cultivate a positive mindset, and choose productive actions by examining your emotions and interpretations in the classroom. By investigating three management phases--awareness, analysis, and choice--teachers can become mindful of factors that influence their interactions with students and learn a process for ensuring positive outcomes. You'll gain concrete strategies and activities that enhance classroom practice and impact student learning. Benefits-Develop a deep understanding of the human mind.-Self-assess your mental state in regard to career, family, and friends.-Understand how to use the three-phase management process every day to ensure success.-Identify and stay true to your moral purpose and ideals to cultivate personal and professional satisfaction.-Gain strategies and activities to enhance the lives of students, and learn to honor each student's self-system.
