

Exceptional Children: An Introduction to Special Education (9th Edition)

Exceptional Children: An Introduction to Special Education has always been known for its innovation, strong research base and accessibility. The ninth edition has all of those strengths, but has a greater focus on highly effective, research-based practices that are described in a very step-by-step, applied manner. This book is for those teachers who will be professionals in the area of special education or those who are working with students that have exceptionalities.
