

Business Owners Guide to Fighting Healthcare

Healthcare is a mess. It's too expensive. No small or medium sized company even tries to argue this point anymore. There are so many moving parts and nothing in healthcare is transparent. No apples to apples comparisons. The Affordable Care Act, and the partisan media coverage aren't making it easier. Big Brother of the status quo tells us we have to expect rates to go up. He tells us that our only option is to listen to the experts. So, how can your business possibly challenge the status quo? Start by understanding that without your leadership, it can't happen. This Guide is designed to help you as the owner or the CEO, the real change agents of your company, discover how to question key healthcare assumptions that just aren't true. Learn about 5 healthcare rip-offs and 2 common misconceptions that could save your company tens or even hundreds of thousands of dollars every year. In fact, we've saved millions in our companies and others' already.
