

The A-Z of Learning: Tips and Techniques for Teachers

Designed with a specific focus on classroom issues rather than education as a whole, this guide provides teachers with answers to the many questions they face everyday and is packed with facts and techniques, practical tips, and traps to avoid. This extensively researched, no-nonsense guide covers all the major educational issues in a quick, jargon-free way offering solutions to the information-overload that confronts teaching staff. It also covers useful theories; technical information; terms, acronyms and techniques; and recent legislation that will help teachers by: getting more satisfaction out of teaching managing students (and parents, and colleagues) in what can be an increasingly stressful environment getting up-to-date information (from ADD to ZPD). The A-Z of Learning is easy to digest and is an essential resource for anyone in the front line™ of education.
