

## Pent-Up Profits

Are you achieving the bottom-line results that you want from your learning and organizational development investment? Pent-Up Profits breaks new ground in building a collaborative approach that strengthens relationships among business leaders to achieve bottom-line results through improved performance. It offers a holistic approach that includes all performance stakeholders, which goes upstream to identify and resolve hidden performance issues that are often misdiagnosed as managerial problems. If you want to link human performance projects to measurable business objectives, this book is a must-read.
