

Challenging Common Core Language Arts Lessons (Grade 4) (Challenging Common Core Lessons)

This book, from the Center for Gifted Education at William & Mary, provides gifted and advanced learners challenging activities to master and engage with the Common Core State Standards for English Language Arts through four mini units. Each mini unit is packed with activities and practice problems that enrich and extend grade-level ELA content for grade 4. Included texts have messages and characters that are developmentally suitable for students. Through higher order reasoning questions, resulting discussions, and student-created products associated with these texts, gifted and advanced students needs are met while still maintaining messages and characters to which students can relate. Students will be exposed to themes such as improvement, change, nature and the human spirit, and struggle. Each theme was chosen with advanced fourth-grade students in mind and their emerging need to learn more about themselves, their world, and how to work through adversity to accomplish their goals.
