Without effective execution, no business strategy can succeed. This second edition delivers a powerful framework every leader can use to overcome the obstacles to successfully deploying business strategy. In this book, leading consultant and Wharton professor Lawrence Hrebiniak offers a comprehensive, disciplined process model for making strategy work in the real world. Drawing on his unsurpassed experience, Hrebiniak shows why execution is even more important than many senior executives realize, and sheds powerful new light on why businesses fail to deliver on even their most promising strategies. He offers a systematic roadmap for execution that encompasses every key success factor: organizational structure, coordination, information sharing, incentives, controls, change management, culture, and the role of power and influence in your business.
