

Business Planning for Authors

A writer's career path is challenging enough without the additional dangers of stumbling blindly into the various literary swamps, scams and unnecessary detours. A business plan tailored to your specific needs can serve as a map that guides you through the dangers and keeps you focused on your destination. This book provides an overview (with samples) of business plans, including their uses, elements, and implementation, all with an eye to what is most applicable to an author's career. It is intended for educational purposes, and does not constitute individual legal advice.
