

Management, Student Value Edition (11th Edition)

This is the exact book as shown above, it is already in a three ring binder, so you do not have to worry about that, and also it is just the book it doesnt come with an access code if you need it for class. Basically in brand new condition, not missing any pages, etc. Other than that, there isnt too much more to say about it. Simply just the exact book above in a three ring binder. If any other questions, email me please.
