

Subject Teaching in Primary Education

An essential read for trainee and newly qualified teachers covering all key areas of the primary curriculum. There is a real sense of experienced and enthusiastic practitioners writing about what makes good and why, with lots of clear practical examples of how to put ideas into practice. - Jackie Keith, Deputy Head and Programme Leader for School Direct, London East Teacher Training Alliance

To be a successful teacher in primary schools you need to have an informed understanding of a wide range of subjects. This book provides clear guidance of good practice teaching different subjects in primary education, informed by current curriculum directions, and full of practical advice for the classroom.

Key features:

- Clear links to the 2014 National Curriculum in England
- In the classroom examples from schools demonstrate intelligent and engaging ways to teach different subjects
- Reflective questions challenge you to critically engage with what you have read and apply it to your own teaching

This is essential reading for students on primary initial teacher education courses, including university-based (PGCE, BA QTS, BEd), school-based (SCITT, School Direct) and employment-based routes into teaching.
