**Acknowledgments** IMPORTANT Please take note that there is no universal panacea, please note that there is no one size fits all strategy that will deal with all your problems; and I have to admit that I'm glad that there's not as if there were then we would all think alike, and that would make for a very dull and boring world. Like anyone who writes in the personal development field I can

only provide you with the tools and open your mind to your potential. You are the only one who can take action on the information in this magazine because no one else will do it for you. Any change has to come from within you not because someone told you to do it, but because you want to do it. Take Action Your Personal Development could be a real gamechanger for you. Month after month this magazine will present you with the best content that I can create and find. If you are ready to take action the click the buy button and I look forward to hearing from you.
