Complete Conditioning for Rugby features a comprehensive training approach that builds players'™ physical abilities as well as the rugby-specific skills their positions require. Renowned conditioning coach and former professional player Paul Pook provides exercises, drills and programmes designed to improve the essential elements of the sport's™ strength, power, quickness and agility. His programmes will help you with these skills:

- Increase strength and power to win those all-important collisions.
- Improve your quickness and agility to be as elusive as the world's™ best.
- Develop your core stability and mobility in order to remain injury free.
- Customise your workouts to meet the demands of the position you play.

In addition, the approximately 50-minute DVD takes you into the gym to demonstrate the same exercises and drills used by the game's™ best. With physical assessments, nutrition advice and seasonal workouts, Complete Conditioning for Rugby will take your game to the next level.
