'The Moral Imperative of School Leadership is sequel to what many heads consider Michael Fullans best and most practical book, Leading in a Culture of Change. Here he follows up moral purpose, brought into sharp relief in individual schools.

Without moral purpose, nothing of value is achieved. We learn how it is developed effectively and Michael Fullan make the difficult but important case that truly moral school leadership recognizes its obligation to the wider community and other schools, an argument that those of us pushing for collegiates will welcome - Tim Brighouse, Times Educational Supplement 2003
