

Riptionary: Surf Lingo Lexicon

Ask any surfer and he'll say there's more to the sport of surfing than riding waves—it's a lifestyle, a state of mind, the ultimate expression of freedom and individuality. Many even go so far to define it as a sub-culture. One thing is for certain, no matter what your view, there's no doubt that surfing has a unique, interesting, and often times hilarious language associated with it. With standard terms like Dude enduring for decades, to the more modern variation Bruddah Man, it continues to evolve with every generation. Compiled from Riptionary.com, his database of terms submitted by surfers from points around the world, Scott A. Mathews, himself an avid surfer for many years, captures some of the most interesting, entertaining and informative entries sent to his website in Riptionary. Riptionary offers unique, interesting and informative insight into the sport of surfing as it takes you on an entertaining heuristic journey one word at a time through the language that is and defines surfing. Written in a casual, yet engaging manner, Riptionary gives you an entertaining, informative and uniquely insightful look into the sport of surfing.
