

# Elementary and Middle School Mathematics: Teaching Developmentally: The Professional Development Edition for Mathematics Coaches and Other Teacher ... Student-Centered Mathematics Series)

Elementary and Middle School Mathematics: Teaching Developmentally, Professional Development Edition provides unparalleled depth of ideas and discussion to help mathematics coaches and other teacher leaders foster teachers' understanding of the mathematics they will teach and the most effective teaching methods for the various mathematics topics. This text reflects the philosophy of the NCTM and Common Core State Standards and the benefits of problem-based mathematics instruction. The Coach/Teacher Leader Guide to this Book and Activities Matrix that appear at the front of the book and Professional Learning Opportunities sections, Coach/Teacher Leader Considerations boxes, and PDToolkit boxes that appear at the end of each chapter ensure this book is a valuable resource for all educators who facilitate mathematics professional development and support students making sense of mathematics.

A complimentary access code for the online PDToolkit (<http://pdtoolkit.pearson.com>) inside every new book gives mathematics leaders access to: Videos highlighting student mathematical thinking Downloadable tools and templates Expanded lessons Blackline masters Children's literature matrix

To access PDToolkit for the first time: You will need to register online using a computer with an Internet connection and a web browser. The process takes just a couple of minutes and only needs to be completed once. Go to

<http://pdtoolkit.pearson.com/>  
Select your book. Under Register, select your user type: K-12 Teacher, College Instructor, or College Student Click Register Here. If you have an existing Pearson account, enter it.
