

The Creative Problem Solving Kit

For Bright Students! The student section of the book helps gifted kids master the strategies they need to be happy and successful by actively involving them in understanding the problems they face and in using the strategies needed to cope with them successfully. Topics include separating facts from feelings, stress, peer pressure, being introspective, dealing with authority, social issues, depression, and much more. Written just for students, this section provides thought-provoking activities that lead to coping skills.
